Breathe Again Living

WILL YOU STAND WITH SOMEONE?

Partnership Volunteering - Healing Program

We are not looking for people to rescue our residents. We are looking for people willing to stand with them while they rebuild.

Breathe Again Living believes housing matters, but healing also grows through healthy connection, encouragement, practical support, accountability, and hope. Through Partnership Volunteering, residents may be connected with a volunteer whose lived experience, strengths, or skills align with the resident's identified needs. **Your role is to stand with - not rescue, fix, counsel, or make decisions for the resident.**

YOUR WHY

Why does this mission or the opportunity to walk alongside someone speak to you?

YOUR ADDED SKILL

Beyond your lived experience, what skill, gift, passion, talent, or resource could you bring to the Breathe Again community?

Examples: cooking, budgeting, employment preparation, parenting encouragement, fitness, transportation assistance, organization, education, technology, home skills, prayer/spiritual encouragement when desired, or simply being a consistent encourager.
